ICE! ICE!
Buy Ice From Red Wagons

They say, but if you will examine carefully the ice which melts so rapidly you will note that there seems to be holes in it, that the center is what is called "snow ice," which, being more porous, allows it to melt quickly.

"Crystal Ice"
The kind we turn out is as clear and perfect as it is possible to make ice, and is the most economical ice to use. Ask the man on the Red Wagon to stop and see you.

ORANGE TREES ARE UNHURT

Mercury Fell to Nineteen Degrees at Dade City, but Not So Low at Other Points South of Ocala

(Tampa Times, Dec. 30)

The weather story of South Florida, as outlined in dispatches received by the Times from various points, does not indicate any great damage done in this section by last night's freezing weather. The lowest recorded is 19 degrees at Dade City. At that point the Times' correspondent finds that the oranges were damaged somewhat, especially in the flatwoods section. The truck patches have suffered somewhat, but there seems to not have been any great damage to the groves at any point so far as can be determined today.

Anniversary of 1894 Freeze

This is the anniversary of the freeze of 1894, which froze the fruit and stripped the trees of their foliage. That freeze lasted three days, commencing December 29. It was in the following February when the trees had put on new foliage and were in bloom, being full of sap, that the disastrous freeze came. On December 30, 1894, the temperature at Tampa was 23 degrees.

Manatee All Right

Bradenton, Dec. 30.—The heavy frost of last night is not believed to have done serious damage in the Manatee section. It is probable that the tender vegetables have received a serious setback, but the citrus growers are confident that the fruit is all right. The trees are unhurt. The mercury fell to 29 degrees at this point. Palmetto reports 26 and Manatee 26. The thermometers in the Atwood groves at Manavista registered 26 degrees. The temperature at Ocala was 27 degrees.

Twenty-five at Leesburg

Leesburg, Dec. 30.—Leesburg and Lake county felt the force of the keen winds and blow from the north last night bringing frost with it. Tender vegetation was killed in some places and damaged in others. It is not thought that oranges were frozen, except in a few cases where trees were exposed to an unusual degree. The trees are unhurt.

Vegetables Killed at Clearwater

Clearwater, Dec. 30.—The lowest temperature recorded here last night was 28 degrees. All tender vegetation and shrubs were either killed or badly hurt. The orange and other citrus trees and their fruit appear to be all right. Ice formed in many places, but it was mostly very fragile.

Oranges Frosted at St. Petersburg

St. Petersburg, Dec. 30.—The lowest temperature recorded here last night was 26 degrees. A few oranges on the north side were frozen. The crop generally is considered to be safe. Tender vegetation is gone, while the more hardy truck such as cabbage and the older celery plants are uninjured. The orange trees are not hurt.

Twenty-Two at Brooksville

Brooksville, Dec. 30.—Twenty-two degrees was the lowest recorded here last night. The young vegetables suffered severely. It is not thought that the oranges are frosted. The trees appear to be all right. When the weather turns warmer all doubt as to the situation will be dissipated.

Plant City O. K.

Plant City, Dec. 30.—The temperature at this place dropped to 25 degrees above zero during the early morning hours. There is little or no damage except to the tenderest vegetation. For the most part the strawberry growers had their plants covered. Oranges were not injured.

Nineteen at Dade City

Dade City, Dec. 30.—The lowest temperature recorded here this morning was 19 degrees. The oranges probably hurt somewhat, especially in the flatwoods. The trees appear to be unhurt. There was little or no new, tender growth.

Twenty-Four at Orlando

Orlando, Dec. 30.—The mercury fell to 24 degrees here last night. Tender vegetation was damaged where unprotected. It is not thought the oranges were hurt. The trees are all right.

Damage Insignificant at Lakeland

Lakeland, Dec. 30.—The lowest temperature here was 26 degrees. The damage appears to be insignificant. Oranges and strawberries were uninjured. A few, tender, unprotected vegetables were killed.

No Damage at Tarpon

Tarpon Springs, Dec. 30.—The lowest temperature here this morning was 25 degrees. No damage has yet been reported.

WOMEN WHO ARE ENVIED

Those attractive women who are lovely in face, form and temper are the envy of many, who might be like them. A weak, sickly woman will be nervous and irritable. Constipation or kidney troubles show in pimples, blotches, skin eruptions and a wretched complexion. For all such, Electric Bitters work wonders. They regulate stomach, liver and kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion. Many charming women owe their health and beauty to them. 50c. at all druggists.

HOMESEEKERS AT KISSIMMEE

One hundred homeseekers arrived in Kissimmee on Friday of last week and fully one third of them have purchased property and settled down as permanent residents.—N. Y. Packer.

HEXAMETHYLENETETRAMINE

The above is the name of a German chemical, which is one of the many valuable ingredients of Foley's Kidney Remedy. Hexamethylenetetramine is recognized by medical text books and authorities as a uric acid solvent and antiseptic for the urine. Take Foley's Kidney Remedy as soon as you notice any irregularities and avoid a serious malady. Sold by all druggists.

CATARH CANNOT BE CURED

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surface. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials free. F. J. Cheney & Co., Proprietors, Toledo, Ohio.

Sold by druggists, price 75c. Take Hall's Family Pills for constipation.

VICTIMS OF PELLAGRA

Norfolk, Dec. 31.—Two deaths from pellagra was the record here yesterday. The victims were Miss Lucile Catherine Blamire, a young lady prominent in society circles of Norfolk and Portsmouth, and Mrs. Alice L. Donahoe. The physicians some time ago diagnosed their illness as pellagra. Every effort was made to stay the progress of the disease but without avail.

MANITOBA ANNEXED MIAMI

Blizzard Made the Entire Country Shiver from the Canadian Line to Biscayne Bay

Louisville, Dec. 31.—The cold wave which set the entire southern section of the United States shivering, followed an almost straight line from Winnipeg to the Gulf of Mexico. Not only did the central south feel its effects, but from the southern Atlantic coast, as far south as Miami, Florida, freezing temperatures were reported. Jacksonville reports 30 degrees.

Deadly Cold in Pittsburg

Pittsburg, Dec. 31.—Half a dozen persons are dead from exposure, the manufacturing plants have suspended, trains are late, and the mercury is registering five degrees below zero. There is much suffering as a result of the cold wave which struck this city during the night.

Six Degrees in New York

New York, Dec. 31.—New Yorkers awoke yesterday morning to face the coldest weather of the winter. There was plenty of snow on the ground from the Christmas fall and the official thermometer at the weather bureau registered just six degrees above zero. There is much suffering among the poor.

Cumberland River Frozen

Nashville, Dec. 31.—For the first time since 1893 the Cumberland river was covered yesterday from shore to shore with thin ice. The thermometer touched six degrees above zero, the lowest point reached here in years.

Coldest December Day in Atlanta

Atlanta, Dec. 31.—Today was the coldest day of any December on record in this section of the country.

A LADY EVANGELIST

Rec. E. Springer Oliver, the noted evangelist, is a guest of Mrs. Russell, at the Minneapolis. Mrs. Oliver is a resident of Leesburg, Lake county, having a home there where she has spent every winter for the past twenty years. She will remain in Miami for several months in order to be with her friend, Mrs. Russell. Rev. Mrs. Oliver is one of the best regularly ordained women preachers in the country. She is a minister of the Methodist Protestant church and a member of the conference of that church, and has been state evangelist for Florida for twenty years.

Full and stately, clad in a long black surplice, Mrs. Oliver presents a dignified and unusual appearance. Her clear, smooth skin, brilliant black hair, slightly silvered at the temples, and blue eyes which for all their softness seem to search the innermost recesses of one's soul, denote a woman of early middle age, although she is over seventy years old.

She talked interestingly and enthusiastically of her work and of all she hopes to accomplish in the future. She is the daughter of a clergyman, the sister of a clergyman, the wife of a clergyman and she has devoted fifty-four years of her own life to the work. As she talked, her face glowed with the zeal of her work, and her voice vibrated with the power which has swayed thousands. One cannot but feel the power of her personality. Her broad view of religion, her deep human sympathy, her noble devotion to humanity, mark her as one of the most noble of the many women of this age of wonderful women who have given their lives for the uplifting of humanity.—Miami Metropolis.
